

ALAURA WARD

Advanced Manufacturing Sciences Student | CAD | Hardware | Technical Problem Solving
Denver, CO | 303-257-3465 | alauraward2@gmail.com | github.com/alauraw2 | linkedin.com/in/80601-aura-ward

TECHNICAL SKILLS

CAD & Engineering: AutoCAD; technical drawing; orthographic projection; Fusion 360; SolidWorks (learning)

Hardware & Systems: PC assembly; Windows; BIOS; drivers; diagnostics; hardware/software troubleshooting

Programming & Web: Python; SQL/PostgreSQL; C/C++ fundamentals; HTML; Bootstrap 5; Git/GitHub; VS Code

Tools & Strengths: Excel; Workday; data validation; technical documentation; root-cause analysis; process improvement

TECHNICAL EXPERIENCE & PROJECTS

F1 Arcade - F1 Technician | Denver, CO | 2026-Present

- Troubleshoot racing simulator hardware and software, maintain equipment, and resolve technical issues in a fast-paced guest environment.
- Apply hands-on diagnostics, communication, and problem solving to keep systems operational and reduce downtime.

NASA University Student Launch Initiative | STEM Outreach & Community Engagement Lead | 2026-Present

- Support a multidisciplinary rocketry project spanning design, manufacturing, electronics, testing, safety, and industry collaboration.
- Coordinate outreach and industry engagement while building technical knowledge in sensors, cameras, circuits, and code; pursuing Level 1 rocketry certification.

Technical Drawing + AutoCAD | MSU Denver Coursework | 2026

- Create 2D engineering drawings from 3D geometry using orthographic views, projection lines, centerlines, dimensions, and standard drafting tools.

Custom PC Assembly & Troubleshooting | Independent Projects

- Build, upgrade, and diagnose PCs involving CPUs, GPUs, RAM, storage, cooling, power supplies, BIOS configuration, drivers, and Windows.

PROFESSIONAL EXPERIENCE

Colorado Department of Higher Education - Postsecondary Options Navigator | Denver, CO | 2024-2026

- Managed 600+ applications and approximately 390 funded cases while maintaining data accuracy, regulatory compliance, and detailed documentation.
- Built tracking systems and implemented 6+ process improvements that improved visibility, consistency, and workflow efficiency across statewide operations.

Metropolitan State University of Denver - Student Employment Coordinator | Denver, CO | 2022-2024

- Coordinated workforce initiatives supporting 500+ students annually and collaborated with 30+ employer and campus partners.
- Supported Workday implementation, analyzed employment data, and streamlined three workflows to improve accuracy and operational efficiency.

EDUCATION

Metropolitan State University of Denver - B.S., Advanced Manufacturing Sciences, Mechanical Concentration (In Progress; Expected 2029)

Metropolitan State University of Denver - B.A., Political Science; Minor, Communication Studies, 2022
